SUMMARY

Computer Science graduate (CGPA 8.98/10) with hands-on experience in software development using Python, FastAPI, React, and PostgreSQL. Developed full-stack applications involving REST APIs, database design, and modern web technologies through academic and personal projects.

SKILLS

- **Languages:** Python, JavaScript, SQL
- **Databases:** MySQL, PostgreSQL, MongoDB
- **Backend:** FastAPI, Node.js, Express.js
- **Tools:** Git, GitHub, Postman
- **Frontend:** React.js, HTML5, CSS3
- **Concepts:** REST APIs, OOP, DBMS

PROJECTS

AI Resume Screener — Python, React, FastAPI, Render [GitHub] [Live Demo] Dec 2025 – Apr 2026

- Built a FastAPI-based resume screening application supporting PDF, DOCX, and TXT uploads, with automated text extraction and candidate profile generation.
- Designed and integrated Gemini AI-powered APIs to compare resumes with job descriptions, generating match scores, candidate rankings, and skill-gap analysis.

Career Guidance for Rural Youth — React, FastAPI, PostgreSQL, Gemini AI Jul 2025 – Oct 2025 [GitHub] [Live Demo]

- Developed a full-stack career guidance platform using React, FastAPI, and PostgreSQL, enabling users to explore career paths, government schemes, vocational courses, and apprenticeship opportunities.
- Designed and integrated Gemini AI-powered recommendation APIs to generate personalized career guidance based on users' education, interests, and career goals.

Full Stack E-Commerce Application — MERN [GitHub] [Live Demo] Sept 2025 – Nov 2025

- Built a full-stack e-commerce platform using the MERN stack with JWT-based authentication, authorization, and role-based admin functionality.
- Designed and implemented REST APIs with Express.js and MongoDB for product management, shopping cart operations, order processing, and user profile management.
- Developed product search, filtering, and review features using Mongoose models and query optimization techniques to improve user experience.

ACHIEVEMENTS & CERTIFICATIONS

- **Top 10 Finalist:** Hackvyuha B.L.D.E Vijayapura (2025)
- **Generative AI Fundamentals Skill Badge – Google Cloud**
- **Full Stack Web Development Bootcamp – Udemy (2024)**

EDUCATION

B.E. Computer Science
Navodaya Institute of Technology, Raichur

Graduated: 2026
CGPA: 8.98 / 10
